# 1 · What you're looking at

---

The **JAIIB Premium Study Series 2026** is a complete preparation system for the JAIIB examination (Nov-2026 cycle: papers on 1, 22, 28 & 29 November). It has two halves that work together:

- ▶ **The books — 25 volumes as instant-download PDFs:** 17 notes books covering every unit of all four subjects, 4 full-mock books with 7,852 solved questions, and 4 rapid-revision booklets for the last 48 hours before each paper. Every book is audited unit-by-unit against the IIBF texts and verified against RBI & Government norms current as of July 2026 — including GST 2.0, the 4-nominee rule, and 15+ other changes most material misses.
- ▶ **The Online Mock Centre** — a web app at **careerboosters.in/app** with 9,112 questions (1,260 more than the printed series), a real exam simulator, and a personal study coach. Works on any phone or computer — and can be installed on your home screen like an app.

## 2 · The main website (careerboosters.in)

---

- ▶ **The Proof** — real examples of law changes your old textbook still gets wrong, each shown with the book's position and the current position.
- ▶ **Inside** — what the 25 books contain, page counts, and the balanced answer-key design ( $\approx 25\%$  per letter — no "when in doubt, mark B").
- ▶ **Try it yourself** — five real questions from the bank, playable right on the page.
- ▶ **Pricing** — all packages with launch pricing (section 6 of this guide).
- ▶ **Free Sample** — download Unit 1 of all four subjects and one complete 100-question mock with full solutions. 86 pages, free, from the actual books.
- ▶ **Contact** — a message form that reaches us directly, plus email and Instagram.
- ▶ **Waitlist** — before launch, join with your name, phone, email, bank and exam attempt; waitlist members get a 72-hour price lock when launch opens on 15 August — Independence Day.

## 3 · Try it free — the demo

---

On the login page (Student login → top-right of the main site), use:

**ID: JAIIBDEMO    Password: DEMO2026**

The demo opens AFM Module A completely — one full-length mock, the module mock, 11 unit mocks and their course pages — so you can judge the quality before paying a rupee. Everything else shows a lock.

**TIP** — After enrolling you get your personal ID (like JAIB0427). Log in, and use the Change Password tile to set a password of your choice. The eye icon shows what you're typing.

## 4 • The Mock Centre — every feature

---

### Subject Mocks (100)

Full-length 100-question mocks on the exact JAIIB pattern — AFM 20, PPB 30, IE&IFS 30, RBWM 20. Repeat appearances of a question get their options reshuffled so you can never memorise positions.

### Module Mocks (17) & Unit Mocks (165)

One 100-question test per module, and every single question of every unit as its own mock. Nothing in the bank is unreachable.

### Two modes on every mock

**Learning mode** — pick an option, press Save & Check, and the full solution appears instantly: why the right answer is right and why each wrong option is wrong, plus a concept capsule and exam tip.

**Exam mode** — the real thing: 2-hour countdown (scaled ~72 sec/question on smaller mocks), question palette, mark-for-review, auto-submit at 00:00, solutions only after submitting, and an optional -0.25 negative-marking toggle for pressure training. Half-finished exams can be resumed later.

### Interactive Course

Every unit has a digest page: swipeable concept flip-cards (sort them "Got it / Review again"), the unit's 10-fact Final Summary as a tick-off checklist, and Trap Pairs — two confusable terms side by side.

### Smart Revision — the memory engine

Every question you get wrong anywhere enters the system and returns after 2 days, then 7, then 15. Answer it correctly on all three returns and it's conquered forever; answer wrong and it resets. Spaced repetition is the science of remembering.

### Daily 10, Streaks & Analytics

A fresh 10-question quiz every day keeps your streak alive; XP across 10 levels and 12 badges mark milestones. The **My Analytics** lab charts your score trend, subject-wise accuracy, speed per question and weakest modules — and after every mock you can share a branded scorecard image with your study group.

### My Planner — your personal coach

Set your exam date and the planner builds a day-by-day schedule across all 165 units and the mocks. It watches your mock scores and always schedules your weakest subject first, re-checking after every mock. In the final week it switches to one full mock daily.

## **Mastery Map, Search & Certificates**

All 165 units on one screen — grey untouched, amber practiced, green mastered. Search anything — "days of grace", "Sec 138", "repo rate" — across all 9,112 questions with instant answers. Clear every full-length mock of a subject at 60%+ to earn a downloadable completion certificate with your name on it.

## **Comforts**

Day/night mode · sounds & vibration with mute · install-as-app with offline support · auto-logout after 30 idle minutes on shared computers · your User ID keeps your progress personal on up to 2 devices.

## 5 • The books, in detail

| SET                              | WHAT'S INSIDE                                                                                                                                                            |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>17 Notes books</b>            | Every unit of AFM, PPB, IE&IFS, RBWM (incl. Home Loans supplement). Worked examples, exam-weightage stars, memory aids, Quick Checks, and a Contents page in every book. |
| <b>4 Full Mock Tests books</b>   | 11 full papers per subject with OMR sheets, answer keys, per-question solutions and a "revise by unit" map under every key. 7,852 solved questions total.                |
| <b>4 Rapid Revision booklets</b> | The Numbers Bank (every drift-prone figure in one place), unit-by-unit key takeaways, and formula sheets with full forms. Built for the last 48 hours before each paper. |

Every book prints a corrigenda page and an errata contact: report an error and we verify it, fix it in the next revision, and email buyers the correction — in print, on the copyright page.

## 6 • Packages & pricing

Launch prices run **15-21 August** only — from Independence Day until IIBF registration closes. From 22 August, standard MRP applies. **All prices inclusive of 18% GST**; a GST invoice is issued automatically with every purchase. All products are digital — nothing to ship.
